"Entrepreneurship in MedTech" 30 July 25

2025 KCLEA Public Lecture

given by **Nitya Dintakurti** Co founder of [Ru Medical](#)
 who have products of innovative medical technology for the
 menopause and featured on [BBC Television's Dragons Den](#).

She will describe the journey from the company being founded in
 2022 to their first product, **Coolzen** – a smart, wearable device for
 menopausal women suffering from Hot Flushes.

This Lecture is open to all – and includes short tour of LIHE before
 and a Networking Reception afterwards – overlooking the Palace of Westminster
London Institute of Health Engineering
 100 Lambeth Palace Rd

2

What was Achieved in past Year

At the AGM we adopted two main changes - Disassociation from KCLA

2. AIMS

The Aims of KCLEA shall be:

2.1 To encourage all Engineering alumni of Kings College London including past students of institutions which have merged with it to support be involved and contribute to the well-being of King's College London.

2.2 To provide opportunities for past students and staff to meet, participate and keep in touch with each other and the College.

2.3 To foster the development of alumni led networking, Events, reunions, Activities with KCL Engineering students and departments locally nationally ,and internationally including by electronic means.

What was Achieved in past Year

For Members

Email newsletter every six weeks (or so)

Tidy of LinkedIn [King's College London Engineers' Association \[KCLEA\] \(Official\)](#)
and www.kclea.org.uk

Events

Find out about Kings -
Annual Lecture – delayed 30 July
Annual Lunch - !!! Today !!!

With closer working with AO

KCLEA lunch 25

6

What was Achieved in past Year

Members Activities with Students - Led by Dr Ernest Okon

Meeting with KCLES and WiSTEM teams

Joint (guided) Networking with KCLES and WiSTEM (thanks to all)

Supporting Prof Rhodes “Retro Tech” gathering
and Success for Black Engineers Events

Attending the Official Opening of the Quad Labs

Then first Department of Engineering Lecture in Nash Theatre

KCLEA lunch 25

& Awarded Medals and Bursaries

7

What was **NOT** Achieved in past Year

Filling the “Executive” Roles on the Committee

We need about half a dozen reliable people to run KCLEA.... For
Membership / MARCOMS / Events Alongside Dr Okon with Activities

Fuller Liaison with KCL – Dept, BMEIS and faculties

If you know of someone who may help run KCLEA

Talk to Peter Weitzel – who is trying to do everything at the moment!

But we do require reliability and flexibility – and time to do things

Being more self sufficient in what we do

Move to having **“best practice” Status** for KCLEA

KCLEA lunch 25

8

What is Planned for Next YEAR

Newsletters - Contributions very welcome –
Relating current achievements –

Events

Find out about Kings – BMEIS

Annual Lecture may be “International Project Management” – STREAMED

Annual Lunch **20 June 2026**

Activities by Members

with KCLES, WiSTEM etc

with the Department and School – and Faculty events

11

What was not created by God ...
... was invented by Engineers
HRH Prince Philip BBC Radio 4 Today Programme

Life can only be understood backwards;
but it must be lived forwards.

Soren Kierkegaard

Join the Group that has the people
most different from you

Samriddhi Seghal Kings Engineering student

We are far more united
and have far more in common with each other
than things that divide us.

Jo Cox MP Maiden speech 3 June 2015
